APPEARANCE PROTECTION DEFINITIONS:

New Vehicle coverage applies to vehicles no more than five (5) model years old at the time of purchase. Mileage is unlimited.

Previously Owned Vehicle coverage applies to vehicles more than five (5) model years old. Warranty does not cover damage existing prior to product application. Repairs of damage to Previously Owned Vehicles are limited to the cost of professional reconditioning (professional cleaning and/or detailing).

Industrial Fallout: Minuscule metallic particles that become airborne and settle on vehicle surfaces, which then embed themselves into the painted surfaces (also known as "rail dust").

Acid Rain: Rainfall made sufficiently acidic by atmospheric pollution such that it causes chemical burn rings into the painted surfaces.

Term: The period of time that this Warranty shall be in effect is from the purchase date until the expiration of the Term as indicated on the registration form.

Right to Transfer: FOR NEW VEHICLES ONLY, this Warranty is eligible for transfer to the first subsequent owner of this vehicle for a fifty dollar (\$50) transfer fee. To complete such transfer, Siskin must be notified of the change in ownership within thirty (30) days from the date of transfer.

Right to Renew: At the end of the warranty term, the original vehicle owner may elect to renew warranty coverage by having the PermaPlate products professionally reapplied to the vehicle within thirty (30) days of expiration of warranty coverage. Another warranty must be issued from an authorized PermaPlate dealer and the registration form must be forwarded to PermaPlate to activate the extended warranty.

Recommended maintenance procedures for exterior care can be found in the vehicles owner's manual, PermaPlate Care and Maintenance Tips Brochure, or posted at www.permaplate.com. SISKIN IS NOT OBLIGATED OR RESPONSIBLE FOR GENERAL CLEANING.

This Warranty does not apply to damage occurring outside of the United States, Canada, and Puerto Rico. This Warranty further excludes damage caused by neglect, abuse or chips, scratches or similar damage; manufacturer's defects (any damage as a result of the defective design, workmanship or materials as determined by independent inspection or factory bulletins); damage resulting from modifications or alterations of the factory's original finishes or additions made to the vehicle after leaving the factory.
